

WORKSHOP PROGRAMME

"Anthropogenic influence on wetlands biodiversity and sustainable management of wetlands"
23-25 September 2004,

23 September 2004 – Thursday

- 10.00 Departure from Warsaw
- 15.00 Lunch
- 16.00 Introduction by Wiktor Kotowski
- 16.30 1st Session - Wetland degradation and restoration
 1. **Frank Gottwald, Alexander Seuffert**, "Regeneration of the terrestrialization mire "mellnsee" – rising water level versus nutrient input".
 2. **Mihaela Tudor**, "The diversity of zooplankton in two restored wetlands in the Danube Delta".
 3. **Marian Tudor**, "From wetland to wetland: failures and successes in decision making process affecting wetlands management and restoration in the Danube Delta during the last 50 years".
- Discussion
- 20.00 Dinner

24 September 2004 – Friday

- 8.00 Breakfast
- 9.00 1st Session cd.
 4. **Mohssine El. Kahloun**, "Habitats, their anthropogenic changes and their influence on wetland ecosystems conditions"
 5. **Agata Klimkowska, Tienke Lammers, Wiktor Kotowski**, "Fen restoration through topsoil removal: assessing ecological and economical effectiveness".
 6. **Andrzej Brandyk**, "Przemków Landscape Park – key issues in wetlands restoration and management"
- Discussion
- 10.30 Coffee break
- 11.00 2nd Session - Wetland management
 7. **Wiebke Sach**, "Large scale conservation project Upper Treene Landscape (northern Germany)".
 8. **Franziska Tanneberger**, "Wetland management for aquatic warbler conservation in Western Pomerania".
- 14.00 Lunch
- 15.30
 9. **Karl-Erich Lindenschmidt, Jan Rauberg**, "Coupling hydrodynamic, eutrophication and sediment and micro-pollutant transport models in a management support system for wetlands".
 10. **Mohssine El-Kahloun, P.Meire**, "Effects of management and groundwater fluctuations on nutrients availability in two Phosphorus-limited rich fens".
 11. **Niels Versfeld** - Wetland management for nature in North America and Europe - similarities and differences
- Discussion
- 17.00 Coffe break
- 17.30 3rd Session - Narew River valley
 12. **Waldemar Mioduszewski, Gerard Gajewski, Marta Biesiada**, "Differentiation of water relations in the Narew valley within the Narew National Park".
 13. **Monika Szewczyk**, "Wetland vegetation of the upper Narew River Valley: human impact and management"-
- Introduction to the field trip.
- Discussion
- 20.00 Dinner

25 September 2004 – Saturday

- 8.00 Breakfast
- 9.00 Field trip - Narew National Park
- 13.00 Lunch
- 14.00 Departure to Warsaw
